## Money Talks

WE PUT OUR HEADS together for this one. The last ANA Sale we conducted was back in 1958, Mike and Steve assisting.

NOW, IN 1966, the cataloguing work was really spread out - it's a lot easier, 3 heads instead of one.

MANY THANKS TO THE donors whose names will be found listed elsewhere. The ANA Home can now be built.

THE CONSIGNED LOTS open (lot 284) with the Lucky 1856 Cent - starting lot for most Kosoff Auctions for over 25 years.

BEFORE THAT, HOWEVER, dealers should make a special effort to check the wholesale lots. There's been a shortage of this type of material for over-the-counter and mail order trade.

"COPPER-NICKEL CENTS, in lots, are what dealers really need", says Steve. "AND THE INTEREST in Foreign Coins should make those lots attractive," adds Mike.

BUT, HERE'S THE CATALOGUE, see for yourself. You simply must find something of interest to you.

LET US PAUSE to express appreciation to the ANA for this opportunity to serve the Association and its members. For AK it's the 7th ANA Auction, the first one almost 25 years ago. For Mike and Steve it's the second one in which they have had an active hand. Now they are ready to handle the next one on their own.

THANKS TO HARRY BOOSEL, Convention Chairman and his many assistants. Those who have helped run ANA conventions know how much time and effort it takes.

THANKS TO THE PRESS for the space and publicity without which no such affair could be successful.

SINCERE APPRECIATION TO Tom Watkins of the Sidney Printing and Publishing Co. with valued help from Coin World staff members, for his intelligent handling of our copy in the preparation of this catalogue.

TO THE CONSIGNORS for their confidence, our thanks and best wishes for successful results.

AND TO CLAIRE LULLA, who cut her eye-teeth on the 1958 Sale, for her continuing efforts to keep the production line moving.

TO THE MEMBERS OF THE ANA - Congratulations on the occasion, the 75th Convention of the Association. AK hasn't missed one since 1937. Steve has attended most of them since 1950 and Mike hasn't been a stranger either during the past ten years.

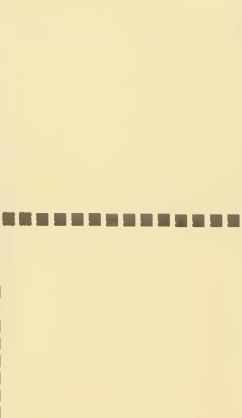

CINCINNATI 1942, DAVENPORT 1946, BUFFALO 1947, SAN FRANCISCO 1949, DALLAS 1953, LOS ANGELES 1958, Now on to CHICAGO FOR 1966.

WE'LL ENJOY SEEING our many friends. AK says he will enjoy working with Mike and Steve and he looks forward to seeing them run an ANA auction with him on the sidelines.

## FLYING EAGLES - INDIAN HEADS - SET

- 343—Complete Set 1857-1909-S Mounted in handsome black lucite holder, inscribed with gold lettering. Here is a most unusual set - and a most unusual opportunity as well!

Many of the coins in this set have been cleaned, but techniques have come a long way! Your cataloguer's considered opinion is that this is one of the *best looking* sets he has seen.

If a painting was smeared, it would be cleaned, if one's face gets dirty it is washed. These little gems are subject to discoloration and sometimes loss of attractiveness. Modern techniques make restoration possible, thus enhancing the beauty of the coin, making it more pleasant to the eye (certainly *one* of the reasons we collect).

Most of the coins in this set are uncirculated, some are not. If you like this series and want to take advantage of this unusual opportunity, get to examine these coins or have a representative do it for you. For those who can do neither but wish to bid by mail, we are suggesting a bona fide value of \$4400.00

## LINCOLN CENTS - SET

- 344—Complete Set, Lincoln Cents 1909-1958, all dates and most mint marks. The 1922 is the D mint; no double die. One of the nicest sets we have seen, handsomely mounted in 2 large blue lucite holders, each date inscribed in gold. Catalogues at about \$4500.00, but several are difficult to acquire in nice condition, even at premium prices.

## PROOF LINCOLN CENTS

- 345—Set of Matte Proofs 1909-1916 inclusive. The plain and VDB of 1909 have both been poorly handled and are not suitable for a top grade collection. However, the balance are lovely coins altho the 1916 appears to have been cleaned. The current catalogue value for the 9 coins is \$1700.00 but should be reduced to about \$1300.00 because of the above mentioned factors.

## LINCOLN CENTS

- 346—1909, 1909-VDB (spots), 1910. Uncirculated 3 pieces. \$25.00  
347—1909-S Lincoln. Brilliant Uncirculated \$120.00  
348—1909-S As above \$120.00  
349—1909-S Uncirculated. Lists at \$120.00  
350—1909-S F-VF, worth \$50.00  
351—1909-SVDB Uncirculated. Lists at \$300.00  
352—1909-SVDB Uncirculated, lists at \$300.00  
353—1910-S Uncirculated, some carbon spots. \$62.50  
354—1911 (spots), 1913, 1915-D (spots). 3 Pieces \$45.00  
355—1914-D VG \$60.00

359—1919-D (cleaned) Unc., 1919-S (cleaned) XF. 2 Pieces. \$40.00  
360—1920, 1923, 1926, 1927, 1928. Uncirculated, 5 Pieces. \$40.00  
361—1920-S Uncirculated \$55.00  
362—1920-D Uncirculated, red, some carbon. \$47.50  
363—1921-S Strong strike, Uncirculated \$225.00  
364—1921-S Uncirculated, Mint Mark weakly struck as is characteristic of this date. \$200.00  
365—1925-D Uncirculated. Several of these Lincoln Cents appear to have been cleaned. If so, they have been expertly handled. Our feeling about coin cleaning is that it's like washing your face. We do object to misrepresentation of cleaned or "doctored" coins as Uncirculated when they are not, simply because they are bright looking. A good test of coin's actual condition is to examine the edges for wear. \$30.00  
366—1927-D A shallow strike, I in LIBERTY not struck up. Cleaned, AU; 1928-D, some carbon, Unc. 2 Pieces \$35.00  
367—1929-P, D and S, 1930, 1931, Uncirculated. 5 Pieces \$50.00  
368—1931-D Uncirculated, very little carbon. \$87.50  
369—1931-S Uncirculated, unusual large flake in planchet behind head. Lists at \$95.00

371—1933-D Uncirculated. Golden. \$37.50

## AN UNUSUAL OFFERING OF SETS OF UNITED STATES COINS

The Consignment of a Dealer who spent 25 years putting this collection together. It would not be practical to attempt to grade and evaluate each coin. An attempt is being made to give you the general picture, the contents of each set, and a fair evaluation of each lot.

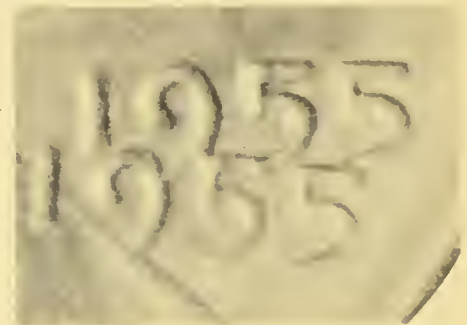

The sets are housed in uniform 16-1/2 x 11-1/4" polystyrene and glass framed metal holders or custom lucite holders, ready for a permanent exhibit or convenient storing. The Lucite holders are usually protected by special slip covers. Naturally, an attempt should be made by interested buyers to examine these sets or have your representative do it for you.

### HALF CENTS 1793-1857

- 489—Set No 1793, 1795, 1796, 1797, 1802 or 1849. Includes 2 varieties each of 1804, 1805, 1806 and 1828. Does not include the rare proofs (of the proof-only group). The 1804 crosslet 4 with stems has much of the original mint red. The early dates are VG, F and VF. From 1825 (except for the 1850) the grading steps up to VF, EF and concludes with an 1857 that is About Uncirculated. Value \$800.00

### CENTS 1793-1958

- 490—*LARGE AND SMALL CENTS.* The Large Cent Set lacks only the 1799 and 1804 and includes only a 1793 wreath type. There are two types each of 1796, 1808, 1817 plus 4 extra coins to depict the reverse design changes. Except for the 1793, 1805 and 1809 no coin is less than F. The average coin is at least VF and most of the late dates (after 1834) are EF. The large cents are in one frame. *THE SMALL CENTS* group does not include the 1856. Many of the late dates (after 1878) are Uncirculated as are several of the earlier pieces such as the 1857, 1862, 1863, 1864 and 1865.

*THE LINCOLNS* are mostly Uncirculated except for the semi-key coins but the 1909-SVDB and 1914-D are Uncirculated. To repeat, you should see these sets. The Lincolns are in two Lucite holders. The Indians in a third. Perhaps the most dramatic evidence of the 1955 double-die known is included in this set (see photo). This coin should be a separate lot but the owner suggests "keep it together".

Here is an opportunity to acquire almost every date struck of the United States Cents since 1793. Worth \$10,000.00

## MINOR COINS

491—Housed in one frame, the 2 CENTS pieces run from 1864 to 1872 and include the Small and Large Motto coins of 1864, the latter as well as the 1865 being About Uncirculated.

The THREE CENTS SILVER coins run from 1851 through 1861 and included is the 1851-O mint in Uncirculated condition.

The THREE CENTS NICKEL coins go from 1865 through 1876 including both the Open and Closed 1873 varieties, plus 1879, 1881, 1882 and 1888.

The TWENTY CENTS coins include the 1875-P, S and CC only. Spaces are ingeniously provided for the missing coins. A little pressure and a circular piece of polystyrene is removed to provide the proper sized opening. This group should bring about \$700.00

## HALF DIMES 1829-1873

492—This offering begins with 1829, includes three varieties of 1835, two each of 1837, 1849 over 8, 1853 and 1872-S. It does not have any of 1844-O, 1846, 1849-O, 1853-O No Arrows, 1863, 1863-S, 1864, 1865, 1866, 1867, 1868, 1870 and 1871-S. With very few exceptions the coins are F-VF with some of the later ones EF. Worth about \$800.00

## NICKELS 1866-1964

493—The *SHIELD TYPE* goes from 1866 to 1876 and includes Uncirculated or About Uncirculated, 1867 Rays and 1870, plus an 1882 and an Uncirculated 1883. In a second lucite holder, the *LIBERTY HEAD TYPE* complete, includes the very rare 1885 in Uncirculated condition, also Uncirculated are 1887, 1903, 1906, 1907, 1909, 1911 and 1912. A complete *BUFFALO SET* (no 1918/17-D) is housed in a third Lucite holder. It includes Uncirculated 1913-S Type 2, 1915, 1926-S, 1927-S and the double cut S of 1936, as well as others. Finally, in 2 Lucite frames, a complete set of *JEFFERSON NICKELS* 1938-1964. These are all in Uncirculated condition. All in all, almost 100 years of nickels in 5 holders. \$3700.00

## DIMES 1796-1963

494—We begin with 1798, then 1807, then from 1814 to 1837 completing the *bust types* (this group is in a coin page).

The *LIBERTY SEATED GROUP*, in the polystyrene frame, from 1837 to 1891, lacks the 1843-O, 1844, 1845-O, 1846, 1853 No Arrows, 1856-S, 1858-S, 1859-S, 1860-S, 1861-S, 1862-S, 1863-S, 1864, 1864-S, 1865-S, 1866, 1866-S, 1867, 1867-S 1868-S, 1871-CC, 1874-S, 1879, 1881, 1885-S, 1886-S, and 1889-S. Several are Uncirculated in this group.

The *BARBER DIMES* in a lucite holder are complete (except of course for the 1894-S). These average VF to better, a few not quite.

In another lucite holder, the *MERCURY SET* is complete. The 1916-D and 1942/1 are Uncirculated as are many of the others in this group - exceptionally nice group. Finally, in a coin page, the *ROOSEVELT DIMES* through 1963, all uncirculated. This collection is valued at \$6250.00

## QUARTERS 1796-1963

495—Our Quarters start with 1818 and run through 1838 for the *bust types* (except for 1823, 1824, 1827, 1828 and 1832) these in a coin page.

The *LIBERTY SEATED SET*, in two polystyrene frames, contains 42 different coins, this being the weakest group since 71 more are required for completion. (For your record we offer 1838, 1841-O, 1842-O Lg. Date, 1844, 1844-O, 1847-O, 1850, 1853 Arrows, 1853-O Arrows, 1854, 1855, 1856, 1857, 1857-O, 1858, 1858-O, 1858-S, 1859, 1861 and 1861-S. Also 1869, 1869-S, 1871, 1873, 1873-S 1875, 1875-S, 1876, 1876-CC, 1876-S, 1877, 1877-CC, 1887-S, 1878, 1878-CC, 1888-S, 1891 and 1891-S)

In two Lucite frames, the *BARBER GROUP* is complete except for the 1901-S. A number are Uncirculated; the 1896-S is EF.

The *LIBERTY STANDING* group lacks only the 1916 and the 1918/7-S for completion. Many are Uncirculated, such as the 1917 Type 2, 1918-S, 1924, 1924-D and a number of others - all in a Lucite Holder.

Finally, the *WASHINGTON SET* in 3 Lucite holders, all Uncirculated (the 1936-D shows a wee bit of wear).

The Quarter set should be worth \$6250.00

## HALF DOLLARS 1794-1963

496—We start with 1795, then to 1805, 1806, and from 1808 to 1839. We lack the 1815, 1820/9, 1820, 1822/1, 1823/2, 1824/1, 1827/6, 1836 milled edge, 1839 and 1839-O. We include the 1814/3, 1817/3 and an About Uncirculated 1818/7 in the *Bust types*.

The *LIBERTY SEATED GROUP* lacks 1840, 1841, 1842-O, 1844, 1845, 1846, 1847, 1848, 1850, 1850-O, 1851, 1852, 1852-O, 1855, 1855-S, 1856-S, 1858-S, 1862 and 1865 for the type *without the motto*.

*With the motto* we lack 1868, 1870-CC, 1871-CC, 1872-CC, 1872-S, 1873-CC, 1873-S, 1874, 1874-CC, 1874-S and all following 1878 except 1891.

The above are in three polystyrene frames.

Next we have the *WALKING LIBERTIES* (There are no Barber Halves in this collection) in two lucite holders. All from 1936 to 1947 are Uncirculated.

Finally, in a polystyrene frame, a complete set of *FRANKLINS*, in Uncirculated condition.

The Half Dollar group should fetch \$3250.00

## TRADE and SILVER DOLLARS

497—1797, 1798 and 1801 are our early *bust dollars*.

The *LIBERTY SEATED TYPE* includes 1840, 1842, 1843, 1846, 1846-O, 1847, 1849, 1850-O, 1859, 1859-O, 1859-S, 1860-O, 1861, 1868, 1869, 1870, 1871, 1872 and 1873, this group in two polystyrene frames.

The *TRADE DOLLARS* in a page with the 3 bust type dollars are 1874, 1874-S, 1875-S, 1876, 1876-S, 1877, 1877-S and 1878-S.

This group is worth about \$1500.00

## FROSTY PROOF SET COLLECTION

498—1937-1964 inclusive. Collectors who have tried to acquire the frosty proofs know how difficult a task it is - and how much they have to pay for a coin when they see it. The result of checking many thousands of sets each year - here is probably the most complete set of Frosty Proofs ever assembled. Only the 1938 Dime, the 1939 Quarter, the 1941 Cent, Nickel and Dime and the 1942 Dime and Quarter are not frosted specimens. This serves to point out the difficulty involved. The 1960 Small Date Cent is frosty.

To place a value is to try to value one's time - but, conservatively, this should bring \$2750.00

## HALF CENTS

- 1375—1793 Gilbert 1. A splendid coin with much character, having been struck on an old, flakey planchet. When you examine such a coin you begin to understand why many love these old coppers so much. It's the sort of coin I hate to sell! Uncirculated \$4000.00

- 1376—1794 G-1A. The Brobston specimen. Die break from rim thru cap to hair. Small dig in field next to "Y". EF and scarce. Cost \$325.00 in 1963. Worth over \$400.00  
 1377—1794, G-5. Granular surface, clear date and LIBERTY but reverse is worn. VG/G. In demand as a type piece. \$80.00

- 1378—1795 G-5 Plain edge, without pole. A pleasant red-brown, apparently struck over a cut-down large cent or Talbot, Allum & Lee Cent (note top of part of date under the 79). A top VF. Worth \$250.00

- 1379—1797 G-4. 1 over 1 in date, plain edge, struck over a Talbot, Allum & Lee cent. The ship and inscription is clearly seen, as is the date on the reverse. The design makes Liberty appear to be warbling with wide open mouth. The obverse is fully VF, the reverse only VG. Cost \$260.00, Estimated at \$350.00  
 1380—1800 G-1. Draped bust. EF \$60.00  
 1381—1803 G-2, with reverse die break. Dig near chin. \$40.00  
 1382—1803 G-3. Ciphers in denominator touch. F \$27.50  
 1383—1804 G-2 Plain 4, no stems. Very attractive, medium brown. About Uncirculated. \$100.00  
 1384—1804 G-2. Plain 4, no stems. VF \$32.50  
 1385—1804 G-3. Crosslet 4, no stems. VF \$37.50  
 1386—1804 G-4 Crosslet 4, stems. EF \$52.50  
 1387—1804 G-7 Spiked chin and protruding tongue. About Uncirculated. Popular variety, desirable in this condition. \$100.00  
 1388—1804 G-8. Spiked chin. Numerous reverse breaks with two heavy rim breaks. F; scarce. \$45.00  
 1389—1804 G-9 Spiked chin. Just AVF and as such one of the better known examples. Appears to be superior to the Brobston specimen which sold in 1963 for \$400.00. One of the rare varieties of the Half cent series.  
 1390—1804, G-11. Spiked chin, crosslet 4, with stems, from the shattered dies. The Brobston specimen was "nearly Very Fine". The Dupont and Ryder coins were not even that Good. This AU-50 is ex-Sloss Collection and may well be the finest known; Rarity 6. \$275.00  
 1391—1805 G-1. Small 5, no stems. Granular surface, VF/F. \$35.00  
 1392—1805 G-2. Large 5, stems. Pitted, otherwise F. \$32.50  
 1393—1806 G-1. Small 6, no stems. Wreath double-cut. Ex-Acree Collection. EF. \$40.00  
 1394—Another G-1. Equal of last \$40.00  
 1395—1806 G3. Large 6, stems. 1 and 6 appear partly re-cut. EF \$40.00  
 1396—1807 G-1 Appears to have been cleaned. About Uncirculated \$95.00  
 1397—1808 G-1, 8 over 7. F/VF with rim clipped above TES. The Brobston VF fetched \$225.00 in 1963.  
 1398—1808 G-2. High 8. Granular surface, weak OF. VF \$35.00  
 1399—1809 G-1. Circle within O of date. EF. \$70.00  
 1400—1809 G-2. Perfect date. Attractive medium brown and light olive. About Uncirculated \$70.00  
 1401—1809 G-4. Perfect date. About Uncirculated \$75.00  
 1402—1809 G-5 The 9 over 6 variety. EF, a popular variety. \$75.00  
 1403—1810 G-1. EF \$80.00  
 1404—Another G-1. VF \$45.00  
 1405—1811 G-1. One of the under-rated rarities of any series. This is a sharp, clean example approaching EF. Brobston had an an XF in the G-2A variety at \$1250.00 and in the G-1 his Uncirculated piece fetched \$2150.00 as well. While our coin is not expected to bring anything like that, it should stimulate competition to a high level.  
 1406—1825 G-2. VF and scarce. Seldom appears and then usually well worn. \$47.50  
 1407—1826 G-1. A top VF. \$32.50  
 1408—1828 G-2. Sharpness of EF; a dig before throat. The 13 star variety. \$45.00

## LARGE CENTS

(attributed according to Sheldon "Penny Whimsey")

- 1420—1793 S9. (C9-H). The Horizontal Stem, large round bow. A full 40 grade, AEF. Sharp date and lettering; evidence of die crumbling right of fraction. Wreath Cents in this condition are selling at more than \$1000.00
- 1421—1793 S 11c, C 11-5 Wreath Cent, Lettered edge with a single leaf after DOLLAR. An unusual cent, for despite heavy pitting and a rough planchet, the obverse designs and inscriptions are well-centered and clear. The reverse, possibly because an old copper coin may have been used for the planchet has either sharp lettering, parts of lettering, or none at all. The fraction is missing. Not quite VF. Worth \$475.00
- 1422—1794 S67 (H54, C53) Five Braided Locks, large circular curl. A pleasing example from the Homer K. Downing Collection. Another 40 grade, AEF. Worth \$125.00
- 1423—1795 S75 (D67) Lettered edge; double leaf at end of right branch of wreath. Apparently cleaned long ago. VF-25. \$125.00
- 1424—1796 S91 (G-F) Wide date, lowest cluster of leaves on right is double. This is the last of the Liberty Cap Cents. A delightful mottling of red and brown. XF-45. A very popular coin, worth \$375.00
- 1425—1796 S97 (G-4). Draped bust, 6 high; Single leaves at end of each branch of the wreath. The reverse is VF-25 but the obverse only about 18. Rarity 3. Worth \$110.00
- 1426—1797 S139 (D-105, CN-22) R touches hair, 7 close to drape/heavy crack at left and heavy swell in left field. A sharp XF-40 or better. Should fetch \$100.00

- 1427—1798 S174 (C34) Projection at top of 1/very short fraction bar; incusation in lower wreath. AU-50, pleasing olive. \$125.00
- 1428—1799 S189. The perfect date. A lovely coin, well-centered, dark brown; Strong date. But for the slightest weakness at U and the 1 in denomination, this would be a condition census coin. Still a VF-25 and as such probably the 7th or 8th finest of this date and variety. Should bring well into four figures.
- 1429—1799 Perfect Date. S-189. Liberty strong and full. Date strong except at the bottom. Obv. VG; Rev. just a bit better. \$425.00

- 1430—1800 S193 (CN4). The 1800 over 179, both points of the overcut 7 show clearly as does the 9. This is the fourth best specimen, VF-25. Rarity 5. Few collections can boast of so well-preserved an example. Schwartz owned a VG-10, Dupont a VF-20. Should bring \$500.00
- 1431—1801 S223 (N-11) The fraction 1/000, elongated left stem. Rim breaks over RT and partly over Y, blunt 1's. A common variety but popular because of the error in denomination. VF-25. \$50.00
- 1432—1802 S-230, N-8. F-15; 1803 Large fraction F-15; 1805 Blunt 1 VF-20. 3 Pieces \$75.00
- 1433—1802 S232 (N-10) The T in LIBERTY is cut over a Y; there are denticles between the wreath and AMERICA. An attractive olive-brown, well-centered coin. VF-30. \$40.00
- 1434—1803 S250 (N-8) The 1 and 3 not close to hair and drapery. O in OF tips left as does I in UNITED. A beautiful coin, sharp EF-45, Rarity 4. Worth \$80.00

- 1435—1804 C266. Perfect dies. The granulated olive surface seems to enhance the attractiveness of this coin. VF-25. Should bring better than \$600.00
- 1436—1805 S268 VF-25. A condition census coin; Rarity 5, the rarest of the 1805's by far. Worth \$125.00
- 1437—1805 S269 (C-3). Pointed 1 touches hair. VF-25. \$45.00
- 1438—1806 S270 (D-202) Only one variety exists of this date, hence it is in demand. Dark olive, VF-25. \$45.00
- 1439—1807 S273 (C-1) Large 7 over 6. Crack from rim thru C in AMERICA to leaf; OF weak. About VF-30. \$47.50
- 1440—1807 S-276. Perfect date, large fraction VF-25. \$45.00

## LARGE CENTS Cont.

- 1441—1808 S277 (C-1) The so-called 12 star variety, the first being very weakly struck; old scratches on obverse, many die creaks on reverse. The head is incused in the center of the reverse. Olive-brown, sharpness of XF-45. \$160.00
- 1442—1809 S280 (D-210) Only one variety of this date, always in demand. Attractive olive-brown, some pitting, still AVF-30; has the obverse break from the 11th star to the ribbon and the reverse cracks described by Dr. Sheldon. Rarity 3. \$200.00
- 1443—1809 S-280. A well-centered example of this desirable date; has some old scratches but easily F-15 or better. \$150.00
- 1444—1810 S284 (C-4) T in LIBERTY is low and leans left; the 8 is lower than on the other varieties. Rarity 3. Has a couple of small digs. Easily VF-35. Worth \$80.00

- 1451—1814 S295. The plain 4. The bearded variety caused by the crumbling of the die. The die variety is common but choice specimens fetch good prices. The Helfenstein MS-60 realized \$700.00 - calling this a 60 would be stretching it, yet AU-55 is conservative. A pleasing mottled brown and olive. \$400.00
- The Late Date Cents are attributed according to Newcomb (N).
- 1452—1816 N-2 Rim break from 8th to 11th star, another between 11th and 12th. Red-brown, AU-55. \$50.00

- 1465—1825 N6. Stars distant from date. Dark granular surface, XF-40. \$75.00
- 1466—1825 N9. Proof (?) A splendid coin, brilliant red blending with light olive; lustrous surface and sharp edge. This coin sold for \$585.00 in the Lahrman Sale. However, the purchaser remarked that the T. J. Clarke MS-65 had the same characteristics - so did the Sargent MS-60. The question persists "Is this really a proof?" Serious collectors are urged to examine this coin before bidding. It is out of the Dr. James O. Sloss Collection.

## LARGE CENTS Cont.

## U. S. TYPE COINS

The following groups of U. S. Type Coins should be especially appealing to the many collectors who seem to be concentrating on putting together Type Collections.

Value \$95.00  
 1504—**HALF DIMES** 1795 First type; some incusations, a tiny edge clip below ribbon. Strictly VF. Lists at \$425.00 but this sharp, well-centered coin should fetch more.  
 1505—1797, 16 star variety, 2nd type. Despite obverse scratches, this coin should stir competition; one of the most difficult types to acquire. Well-centered, not quite F. May bring \$300.00  
 1506—1800 LIBE K TY variety, 3rd type. Very much in demand. F, May bring \$300.00

- 1515—**QUARTERS** 1796. Here is an opportunity to acquire this rare date, the only date for the first type quarter, at less than the 5 or 6 thousand dollars asked for the Uncirculated pieces. This one is strictly F or better (was acquired as VF). There is a planchet break from below the 9 to the edge below 6. With the great demand for type coins and especially for those of 1796, this coin should fetch close to \$2500.00  
 1516—1806, Second type. Strictly VF with an even better "look". Worth \$250.00  
 1517—1818 Third type. Perfect date. AEF and easily a \$100.00 coin, or better.  
 1518—1834 F, 1845 EF, 1877 VG, 1916-D VG, 1917 first type AEF, 1944 EF. Six different types, plus 1914-D AU. 7 Pieces \$75.00

 1527—1799 B16a, "waves" above date; break in planchet from upper half of B in LIBERTY to rim. Undoubtedly an advanced state of this die which was used for many strikings. This state may be very scarce as the 16b variety (shattered dies) is rare. VF. \$165.00  
 1528—1799 B21, a rare variety. VF. \$200.00

 1534—**TRADE DOLLARS** 1876 About Uncirculated, 1877-S VF. 2 Pieces \$60.00

## GENE NICHOLS TYPE COLLECTION

Those who knew Gene admired his taste. Discriminating to a fault, within the bounds of his pocket-book, Gene started a type set which promised to be as Fine as could be attained. Unfortunately, a fatal malady took him before he could complete the task. His coins were good enough to win first place in National Coin Week and catapult him into prominence as Chairman of National Coin Week. Many of the coins are old friends of ours and we offer them with pleasure - subdued just a little, by regret that Gene could not have completed his set.

1535—*TYPE COLLECTION, SMALL CENTS* 1858 large letters, 1859, 1863 all Uncirculated, 1879 Proof, 1953 Proof. 5 Pieces \$350.00

1536—2c 1869 Proof. \$140.00

1537—3c NICKEL 1889 Proof. \$57.50

1538—3c SILVER 1862 Proof. \$95.00

1539—5c NICKEL 1866 Brilliant Proof. \$1250.00

1540—1881 Uncirculated, 1883 without CENTS Proof, 1891 Proof. 3 Pieces \$160.00

1541—1913 Type I Uncirculated, 1937 Proof, 1953 Proof. 3 Pieces. \$185.00

1542—*HALF DIMES* 1795 Uncirculated, a choice, sharp and highly desirable coin. With the sudden recognition of the rarity of choice, early type silver coins, a runaway price would not surprise us. In fact, we expect it.

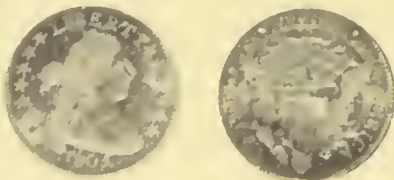

1543—1831 Uncirculated, there is a faint line from chin to neck. \$50.00

1544—1837 Liberty Seated, large date. A little gem. Uncirculated \$275.00

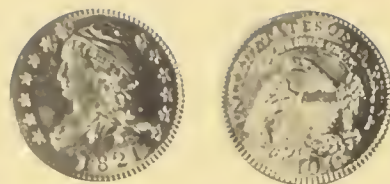

1545—1862 Proof. Last type of this series. \$75.00

1546—*DIMES* 1796. A splendid coin, lustrous and sharp and just About Uncirculated. Not like any of the varieties in the World's Greatest Collection; this coin has the rim break defect merging with the first star; the right stand of 1 is recut as is the top of 7 and also the top of 9; the 6 touches the bust. TY touch at top as do the top serifs of Y; L is low; point of star touches curl and next point is very close; two engraver's cuts form arcs between and above first two stars. 15 berries on left branch, leaf touches E. The recent "explosion" in the Merkin Sale where an Uncirculated 1796 dime sold for \$5650.00 promises to send this coin to new high levels.

1547—1805 K3 Large Date, 4 Berries on olive branch; a die crack from hair touches tops of date to bust; point of eighth star almost touches Y. A little gem with frosty surface which will make bidders "throw away the book".

1548—1821 K3, Large date, Uncirculated \$160.00

1549—1836 Uncirculated \$75.00

1550—1837 Liberty Seated, small date. The slightest friction on high spots keeps this from being Uncirculated \$225.00

1551—1858 An early Proof-Like strike.

1552—1870 Proof \$70.00

1553—1898 Proof \$90.00

1554—1942, 1953 Proof. 2 Pieces \$35.00

1555—*TWENTY CENTS*, 1875 Proof \$200.00

1556—*QUARTERS* 1796 First year of the issue. A very popular coin. This is the Edgar A. Levy specimen. It was described as Uncirculated; it is just about; Very much in demand with records well above \$6000.00

1557—1807 A magnificent Uncirculated example, one of the finest we have seen. Another runaway price is in order.

1558—1818 Perfect date. Light abrasion on cheek, significant only because otherwise this beauty would be equal to the 1807! Uncirculated. Still worth a very substantial premium.

1559—1831 Small letters. Another superb, Uncirculated coin. Here's one you hardly ever see in this condition. The catalogue values on gems of this kind must be disregarded.

1560—1861 Proof \$120.00

1561—1867 Proof \$120.00

1562—1895 Proof. These are all lovely coins. \$95.00

1563—1928-D Uncirculated, 1953 Proof. 2 Pieces \$36.00

1564—Isabella 1893, Commemorative 25c. Uncirculated.

1565—*HALF DOLLARS* 1802 Another prize coin, should be seen to be appreciated. Undoubtedly one of the finest specimens in existence, it could hardly have seen any circulation. We understand that a \$2000.00 offer was refused a couple of years ago. What it will bring today is up to you. You will go a long way to find its equal.

1566—1815 For the last time, another gem. This is as far as Gene Nichols went - we sold this coin to him, having obtained it out of the T. James Clarke Collection. Previously it had been owned by Newcomer and Col. Green. Should bring a fancy figure.

Uncirculated sets fetch \$2000.00-\$2200.00; with the Proofs, this one should bring closer to \$2500.00.

## PROOF BARBER DIMES - SET

(This set has been contributed to the Faith Presbyterian Church in McHenry, Illinois. The proceeds will go into the New Church Building Fund and a tax deduction may be possible. Your generous bid for this lot is respectfully solicited.)

- 1865—1892 to 1915 inclusive, this set of Proof Barber Dimes has a catalogue value of just under \$2500.00. However, several of the dates bring higher premiums.

## WASHINGTON QUARTERS - SET

## RARE 1848 CAL. \$2½ GOLD

- 1872—1848 CAL over eagle on reverse, to indicate that this coin was made from the first Gold discovered in California. A sharp, brilliant example with much lustre and mint bloom. Specimens less desirable have sold at \$6,000.00

## EXTREMELY RARE 1862 OVER 1 QUARTER EAGLE

- 1873—1862 over 1. A particularly thrilling experience because it had been our good fortune to handle all of the known regular mint issues at one time or another - until this appeared three years ago. So our record is intact! The 2 is over the 1 in just the same manner as in the 1942 over 1 dime (see photograph). It is our consignor's studied opinion that 3 specimens are known. For our part, we have no record of any having been offered or sold. The Red Book simply lists the coin but does not attempt to place a value. Perhaps, now such a value can be established. Comparing values of coins of equal rarity would place this in the five figure bracket. The 1822 Half Eagle, 3 pieces known, would probably fetch \$50,000.00 today. Coins of lesser rarity - the 1875 \$3 piece for example - is worth \$25,000.00. Besides its rarity, this coin offers condition as well. To call it EF would be an understatement. We do not believe that any of the leading collections can boast of the 1862 over 1 quarter eagle. It may be that this coin will not reach the five figure mark today, it will be interesting to see what it does fetch.

## STELLA

1874—1879 \$4 Gold, flowing hair, Proof. A slight rub on reverse detracts but little from this sharp coin. Has sold as high as \$7000.00 but more likely to go below \$6000.00 today.

## TERRITORIAL GOLD

1875—CHRISTOPHER BECHTLER, N. Carolina. \$1 28G N in ONE reversed. VF-XF \$135.00

1876—C. BECHTLER \$1 28G. The extremely rare variety without the star. EF, ex-Walton Coll. Catalogues at \$575.00 in this condition.

1877—BECHTLER, Georgia Gold, \$2-1/2 64G, 22 carats. Lustrous and sharp. EF \$400.00

1878—AUGUST BECHTLER, Carolina. \$1 27G, 21 c. AEF \$150.00

1879—Another, same, VF \$115.00

1880—A. BECHTLER. 5 DOLLARS, RUTHERFORD. Carolina Gold 141G. 20 CARATS. The restrike in Proof condition. A popular show-piece. \$375.00

## SHULTS AND COMPANY

1881—\$5 1851. A very rare Territorial coin of California. This appears to be the piece sold in New York in 1964 for \$3,800.00. It is AF. Only 7 or 8 known examples.

## MINER'S BANK

1882—TEN D. (1849) The Miner's Bank coin usually appears in choice condition, frequently Uncirculated. This specimen is VF and offers an opportunity at a price considerably lower than that which one might expect to pay for the Uncirculated piece. That one goes at about \$4000.00, this one should fetch about \$2250.00

## 1906 GOLD PROOF SET

1883—\$2-1/2, \$5, \$10, and \$20 gold, brilliant proofs. all dated 1906, in special lucite holder. Catalogues at \$4100.00 - should fetch \$4500.00

## 1907 PROOF GOLD SET

1884—Complete Set of 1907 Gold in Brilliant Proof condition, mounted in a special lucite holder. This is the last year of the brilliant proof issues as the matte proofs were issued from 1908 on. Catalogues at \$4100.00 and should fetch at least \$4,500.00

## THREE DOLLAR GOLD

(The \$3 gold pieces were minted between 1854 and 1889. It seemed natural to have such a denomination since a 3 cent piece was current. Neither, however, were ever too popular as part of the coinage system. Today, on the other hand, the \$3 piece along with the smaller \$1 gold piece are among the most popular with collectors of U.S. Gold Coins)

1885—1854 First year of issue. Uncirculated, tiny edge bruise. \$275.00

1886—1854-D mint, the only \$3 gold piece struck at Dahlonega and only 1120 pieces were minted. F-VF \$1400.00

1887—1854-O mint, the only \$3 gold piece struck at New Orleans and 24,000 were minted. EF \$265.00

1888—Another 1854-O. AEF \$245.00

1889—A third 1854-O, VF \$225.00

1890—1855 Uncirculated, tiny edge nick. The word DOLLARS is in smaller letters than in 1854 and continues that way through 1889. \$290.00

1891—1855 Worn; clear date. \$50.00

1892—1855-S mint. EF \$340.00

1893—1856 About Uncirculated \$280.00

1894—1856-S, small s. Someone played with this coin - several pin scratches on each side. Still AVF \$175.00

1895—1856-S Medium Size S. AVF \$180.00

1896—1856-S, large S. VF \$200.00

1897—1857 VF, only 20,891 struck. \$225.00

1898—1857-S F-VF. Scarce, only 14,000 struck. \$225.00

1899—1858 Appears to have been struck as a proof and has retained much of its lustre, especially on the reverse. There is a rubbing in the obverse fields. Lists at \$2250.00 as a Proof and while hardly worth such a price, it is indicative of its rarity.

1900—1859 EF only 15,638 minted. By today's lowered standards this could be called About Uncirculated \$275.00

1901—1860 About Uncirculated, only 7155 minted. \$350.00

 1914—1872 Retains much of its Proof lustre, but does show signs of wear. A very attractive piece; 2030 minted of which only 30 were Proof. The Proof lists at \$1750.00 but this coin is hardly worth such a price.

 1916—1874 AEF, one of the common dates. \$185.00

### CANADIAN CENTS - SET

- 1932—LARGE and SMALL CENTS in Library Album, 1858 to 1960. An exceptionally nice set, selected over a period of years, it lacks only the 1936 Dot Cent. With the exceptions noted below, all are Uncirculated; a few have apparently been very expertly cleaned enhancing the appearance and in no way detracting from the value.  
 The 1858 is AU as is the 1859. The re-engraved 1859 is not brilliant. The 59 over 8 narrow 9 is XF and the wide 9 is Uncirculated but not brilliant. The 1886 is dull as is the 1890, the

latter having light rub on cheek. The 1891 small date, small leaves is XF-AU and the small date, large leaves is Uncirculated but not brilliant. The 1905 is dull, the 1907-H is Brilliant Uncirculated. These are mentioned because they are the high-lights. This group is worth about \$1250.00

As for the Small Cents; the 1922 was cleaned, the 1923 is a lovely coin, 1924 AEF. The 1925, while dark, is Uncirculated, as is the 1926. All the rest to 1960, are red Uncirculated except the 1934 and 1935 which, while not rare, are only EF. This group is worth \$750.00

Both Sets are being sold as one lot - value \$2000.00
